100% NEW Diesel Fuel Injectors

Introducing Standard® NEW Diesel Injectors

Standard® is pleased to introduce our line of New Diesel Exchange Fuel Injectors. Covering both CRI (Common Rail Injectors) and HEUI (Hydraulic Electric Unit Injectors), these are 100% all-New OE replacement units. Standard® offers full 'original equipment' design, engineering, and manufacturing so every Standard New Diesel injector is 'OE or better' quality.

GENUINE DIESEL PART · NEW · NOT REMANUFACTURED

### What makes Standard® NEW Diesel Injectors the best

Our extensive engineering and manufacturing expertise, coupled with high-precision equipment means Standard® new diesel injectors include the latest engineering enhancements to the OE injector. Standard® new diesel injectors are built for the highest levels of precision and consistency delivering uncompromising quality, durability and fuel economy.

FJ927NX   **FJ960NX**   **FJ928NX**

OE standards, precision engineering and fully integrated capabilities set Standard® Diesel apart

- OE-caliber design, development, engineering and manufacturing capabilities, including submicron machining and complex assembly systems

- OE standards in compliance, certification, prototyping, validation and PPM

- Extensive testing including dynamometer, hot gas test stand and diesel emissions testing

With this new offering of more than 50 high-quality new diesel injectors, Standard® is the aftermarket's leading independent supplier of high-performance diesel fuel-injection systems. See reverse side for a partial list of our New Diesel Injector offering.
